1. Pursuant to the provisions of reference (a) it has been decided that when the conditions of an individual's cover employment preclude his use of sufficient annual leave to escape the forfeiture provisions contained in laws and regulations, the Assistant Director for Personnel may authorize the credit of his unused leave to a suspended annual leave account pending the individual's return to a status in which the leave can be used.

2. The attached procedure for establishing and maintaining such suspended annual leave accounts is hereby prescribed. Copies of this procedure should be made available to each of the payroll offices in the Finance Division.
